

fromthedentist

I am sure that by the time you read this, winter will be almost at an end and we can look forward to the warm summer that has been predicted for 2007. I hope that this year is good for you and that all your hopes and dreams come to fruition. I know that for Connie (our hygienist), one of her dreams came true when she had a little girl at the beginning of February. I am also happy to tell you that Lisa (our hygienist) has agreed to work extra hours to fill the gap that Connie leaves while on maternity leave.

I am sure you all know that at The Accolade we are always working to ensure our patients have the best possible experience in the best possible environment. To this end we have started to redecorate the office slowly to keep it modern and comfortable. You might also notice our new, fresh logo at the top of the page. I feel that this is much more in keeping with our office image as we move ahead and keep up with all the latest technologies available in dentistry today.

Please also watch for our new website at www.accoladedental.com

I want to thank you for your ongoing support and referrals and as always I look forward to seeing you in the office.

All the best,

Jack.

Change Your Smile In One Visit

Everyone knows that beautiful smiles and looking great go together. The very act of smiling can strengthen your confidence and sense of vitality ... more so, if you have great looking teeth.

If you want healthy attractive teeth Cerec CAD/CAM Restorations may be the answer.

Commonly tooth reconstruction, such as veneers, crowns or onlays require at least two or three appointments. This would involve impressions and having to return a second time for the insertion. With the Cerec CAD/CAM, your veneers, (as Dr. Slome recently demonstrated on Breakfast Television) crowns or onlays are made and bonded all in one visit, allowing the patient to walk away with a beautiful smile in less than two hours.

The tooth is prepared and then scanned with an electronic camera, which allows the patient to view the process in action, and no impression is required. The restoration is designed from a three dimensional scan, then precision milled from a porcelain block.

With Cerec CAD/CAM the tooth coloured porcelain restoration is accurately fitted in just one visit.

We are always happy to accept new patients!

Spring Special Zoom!™ Whitening

We are proud to announce that we now offer the radical in-office whitening system called Zoom!™. It's safe, effective, and fast ... very fast! In just over one hour, your teeth will be dramatically whiter. Zoom! whitening is ideal for anyone looking for immediate results, and its convenience makes it the perfect choice for the busy individual.

The Zoom! procedure is simple. It begins with a preparation to isolate your lips and gums. We then apply the special Zoom! gel which is activated by a specially designed light. Teeth typically become at least six to ten shades whiter, and sometimes more. A five-minute fluoride treatment completes the procedure. You will be amazed with the results! In fact, in most cases, teeth continue to get even whiter the first few days after the procedure.

The Zoom! whitening procedure includes a take-home touch-up kit and trays that can be used whenever discoloration is noticed. Most often a touch-up once a year will maintain a whiter smile that sparkles for years. Please call for an appointment to make sure your special smile gets the care it needs.

Zoom!™ Facts

- Safe and effective
- Completed in just over one hour
- Perfect choice for the busy individual
- Whitens an average of 8 shades
- Lasts for years
- Includes a take-home touch-up kit

Congratulations!

Warm wishes all around!

Sugar & Spice Congratulations to our patients who welcome new babies! Beautiful bouncing baby boys arrived for Patricia Terrence, Alina Mustata and Ovidiu Cilnician, Leslie Taschner and Rune Nilssen, Irene Panagiotakis and George Psofini, Gabriel and Zuzanna Dojcek, Sharon and Kirk Donaldson, and David and Dalia Lovejoy.

A second Pretty-in-Pink baby girl has arrived for Anthony Griffin and Andrea Sobotik and new daughters were also welcomed by Penina and Saul Melamed.

Special congratulations to Peter Unwin with two little girls!

Wedding Bells!

Please join us in congratulating Cindy Ward and Dominick Clamp, Francine Gubua, Alexander Pak and Yun-Yung Jo, all of whom were recently married.

Our most sincere best wishes also go to Justin Risi who is getting married in May 2007 and to Warren Jones who recently got engaged.
